OBJECTIVE

Seeking a challenging role as a Junior Web Developer to utilize my skills in HTML, CSS, JavaScript, .Net Framework and Node JS to develop and maintain dynamic, responsive, and user-friendly websites. Passionate about learning new technologies and collaborating with cross-functional teams.

EDUCATION

iNet College   March 2017 - Dec 2019

Higher National Diploma in Computing (Software Engineering Specialization)

Gusto University   June 2022 - January 2023

BSc (Hons.) in Computing, Awarded by University of Gloucestershire
(Note: Results of the final exams are pending)

WORK EXPERIENCE

iNet College   August 2020 - January 2021

Trainee Software Developer

- Participated in 6-month On Job Training program
- Collaborated with a team of developers to design, develop, and maintain .Net desktop and web applications
- Debugged and fixed some major and minor defects in applications
- Utilized C#, ASP.Net and MVC pattern along with DevExpress library

SKILLS

Language	- Burmese, English
Soft Skills	- Ability to collaborate and work well with others - A self-study oriented person who requires lite to no training
Hard Skills	- Strong foundation of HTML, CSS and JavaScript - Familiarity with front-end libraries (Bootstrap & jQuery) - Familiarity with Node JS and Express framework - Familiarity with C#, ASP.Net MVC and DevExpress - Experience with Microsoft SQL Server and MySQL - Familiarity with Git commands and version control workflows

ADDITIONAL INFORMATION

I have completed some mini projects on my own to demonstrate my proficiency in the technologies described in the preceding sections. The following is the link to my GitHub repositories:
